

## Protect your radios with our Radiocare Package

### Main Benefits of Radiocare:

#### No more shock repair costs

By covering your radios with our Radiocare Package, you won't receive any unexpected repair bills when your equipment needs fixing.

#### Radios are covered for all repairs\* including:

- Manufacturer defects
- Normal wear and tear
- Accidental damage\*\*

### Includes:

#### Annual Site Visit (Monday to Friday)

We will come to site and test all radio equipment, completing repairs where possible. Our engineers will also supply you with a report showing all work carried out on site, along with any changes or updates we recommend for your system.

#### Unlimited Free Loan Radios

If your radios need to be repaired off site, free loan equipment will be supplied in its place. All radios will be delivered programmed to work with the rest of your system so you can continue as normal.

#### Technical / Non-Technical Telephone Support

Our team are available to help with any radio issues you may have, whenever you need us; Monday to Friday (8am - 5pm).

#### All Shipping Included

We will arrange the collection of your equipment and then deliver it back to you completely free of charge.

**£4.50**<sup>+VAT</sup>  
per radio/per month

### This includes:
